QuietWalk Carpet Cushion

Premium Carpet Cushion

- **GREAT THERMAL & ACOUSTICAL INSULATOR • INCREASES LIFE EXPECTANCY OF CARPET**
- **ADDS LUXURIOUS COMFORT TO YOUR WALK**

- Environmentally appealing, made of post-industrial recycled fibers from the carpet and textile industries
- Non-allergenic, contains no Volatile Organic Compounds (VOCs) vs. some resin-bonded foam pads
- Contains no liquid adhesives or resins that could potentially discolor carpet
- Uniform Feel underfoot, no hard lumps associated with re-bond foam pads
- Will not dry rot, crumble or deteriorate like many re-bond foam pads
- Poly film barrier keeps spills from penetrating and saturating the pad, helps keep stains from reappearing
- Firm, stable construction to resist permanent depressions from crushing and matting
- Flame resistant
- Antimicrobial Properties:

Synthetic fibers by their composition do not support bacterial or fungus growth. Our high-temperature manufacturing process eliminates live organisms. We incorporate an EPA registered antimicrobial additive to help inhibit mold or bacteria growth.

Specifications:

Thickness	7/16"
Density	8 LBS / FT ³
Flammability	Meets or exceeds Federal Flammability Standards: 1-70 (Pill Test)
Antimicrobial	Yes
Color	Grey - Polyethylene Film
Type	Recycled Synthetic Fibers With Inert Hot Melt
Roll Size	20 SQ Yards / 180 SF / 6' Wide
Roll Weight	60 LBS

7/16" - 8# CARPET CUSHION
